

SUPPORTING SURVIVORS OF EXPLOITATION

a project of charity No. 1075862

- Do you know anyone who has, or may be at risk of having to do sexual acts to meet basic needs?
- Do you feel as though you were preyed on as a child, because you were vulnerable?
- Were you singled out and made to feel special before being exposed to abuse, exploitation, and then forced into secrecy?
- Have you been made to feel shame or embarrassment for something that was not in your control?

If you are an adult who was abused/exploited when you were a child it is possible that you may have never spoken to anyone about this.

I survived stuff I never thought i would have to go through. With the help of the Hope Project, they have helped me take back control of my life and have the confidence to break down the wall of silence around sexual abuse and exploitation. Together we need to send a message that there is no disgrace of being a survivor of abuse. The shame is on the perpetrators.

Exploitation is not a lifestyle choice, its abuse. Children cannot consent to being abused or exploited.
